*It is expected that floors, surfaces and sinks will be relatively clutter free. Our staff will perform minimal organizing and straightening of rooms and surfaces. In the event that a moderate/major organizing and decluttering of floors and surfaces is needed, we will discuss the expectations of both parties. In the event that we cannot reach the client, we reserve the right to cancel and reschedule after discussing the expectations of both parties when contact is reestablished.

**We do not move medium/large furniture. Walls, baseboards, backsplashes, switch plates, and floors obstructed by such furniture are unable to be cleaned unless moved by client.
